

I am 85 years old and have been a licensed Amateur radio Operator since 1986. Have been active in digital radio modes since 1989 in RTTY, Amtor, Pactor, BPSK 31, Hellschreiber, MFSK and other amateur digital modes. I support the petition as amended by the FCC for the reinstatement of picture sending priveleges on the Ten Meter through the 80 Meter Bands as indicated in 97.3(c)(2):

Data telemetry, telecommand and computer communications emissions having designators with A,C,D,F,G,H, J or R as the first symbol; 1 as the second symbol; D as the third symbol; emissions A1C, F2C, J2C and J3C having an occupied bandwidth of 500 Hz or less, and J2D. Only a digital code of a type specifically authorized in this part may be transmitted.
